59,930,000 SHARES OF CLASS A COMMON STOCK UNDERLYING LGM COMMON UNITS BY THE SELLING STOCKHOLDERS

This prospectus relates to (a) the issuance by flyExclusive, Inc., a Delaware corporation (“flyExclusive,” the “Company,” “we” or “us”), of up to an aggregate of shares of 2,519,869 Class A Common Stock, par value \$0.0001 per share (the “Class A Common Stock”), issuable upon the exercise of our publicly traded warrants with an exercise price of \$11.50 per share, and (b) the resale by the selling stockholders named in this prospectus (each a “Selling Stockholder” and, collectively, the “Selling Stockholders”) from time to time of (i) up to an aggregate of 15,545,274 outstanding shares of Class A Common Stock, (ii) 4,333,333 private placement warrants with an exercise price of \$11.50 per share (the “private placement warrants”), (iii) up to an aggregate of 4,333,333 Class A Common Stock issuable upon the exercise of the private placement warrants, and (iv) up to an aggregate of 59,930,000 shares of Class A Common Stock issuable upon the exercise of LGM common units (the “LGM Common Units”).

On December 27, 2023, we completed the business combination (the “Business Combination”) contemplated by the Equity Purchase Agreement, dated as of October 17, 2022 (as amended on April 21, 2023, the “Equity Purchase Agreement”), by and among EG Acquisition Corp. (“EGA”), LGM Enterprises, LLC, a North Carolina limited liability company (“LGM”) and the parent company of Exclusive Jets, LLC, the existing equityholders of LGM (the “Existing Equityholders”), EG Sponsor LLC, a Delaware limited liability company (“Sponsor”), and Thomas James Segrave, Jr. (“Segrave Jr.”) in his capacity as Existing Equityholder Representative. Upon completion of the Business Combination, we issued on a private placement basis the 9,923,054 shares of Class A Common Stock to the stockholders of EGA and the LGM Common Units to Segrave Jr. The private placement warrants were issued by us on a private placement basis to the Sponsor simultaneously with the closing of our initial public offering on May 28, 2021 (the “IPO”).

The Sponsor acquired the shares of Class A Common Stock covered by this prospectus at a price of \$0.004 per share. The Selling Stockholders who own the private placement warrants acquired those warrants for a purchase price of \$1.50 per warrant, and if and when they pay the exercise price of \$11.50, would have a combined basis in the Class A Common Stock issuable of \$13.00. Segrave Jr. acquired LGM Common Units at a per Unit price of \$0.00002. BTIG, LLC and I-Bankers Securities, Inc. did not pay for their shares of Class A Common Stock but rather were issued those shares as part of their underwriting compensation. By comparison, the offering price to public shareholders in EGA’s IPO was \$10.00 per unit, which consisted of one share and one-third of one Warrant. Third Point LLC acquired 70,000 shares of Class A Common Stock registered hereunder in consideration of its agreement not to redeem EGA shares it owned, so it did not pay any cash consideration for those shares. Consequently, certain Selling Stockholders may realize a positive rate of return on the sale of their shares covered by this prospectus even if the market price per share of Class A Common Stock is below \$10.00 per share, in which case the public shareholders may experience a negative rate of return on their investment. For example, a Selling Stockholder who sells 1,000,000 shares of Class A Common Stock (which it originally acquired for \$0.004 per share) at a price per share of \$5.01 per share (the closing price of the Class A Common Stock on September 16, 2025) will earn a realized profit of \$5,006,000 while a public stockholder who sells the same number of shares of Class A Common Stock (which it originally acquired for \$10.00 per share in EGA’s IPO) will realize a loss of \$4,990,000.

After the effectiveness of the registration statement that includes this prospectus, (i) 9,550,274 shares of Class A Common Stock registered on the registration statement that includes this prospectus and that were purchased or acquired by Selling Stockholders for prices below current market prices will be able to be sold immediately pursuant to such registration statement, (ii) 370,000 shares of Class A Common Stock registered on the registration statement that includes this prospectus and that were purchased or acquired by Selling Stockholders for \$10.00 per share, which is above the current market price, will be able to be sold immediately pursuant to

[Table of Contents](#)

such registration statement, (iii) 59,930,000 shares acquired by Segrave Jr. for prices below current market prices will be able to be sold, and (iv) 9,958,333 shares of Class A Common Stock registered on the registration statement that includes this prospectus and that were purchased or acquired by the Sponsor for prices below current market prices will be able to be sold pursuant to such registration statement. Because the current market price of our Class A Common Stock, which was \$5.01 per share at the closing on September 16, 2025, is higher than the price that the Sponsor paid for its shares of Class A Common Stock (\$0.004 per share), there is more likelihood that the Sponsor will sell shares of Class A Common Stock after the registration statement that includes this prospectus is declared effective. Such sales, or the prospect of such sales, may have a material negative impact on the market price of our Class A Common Stock.

The publicly traded warrants and the private placement warrants have an exercise price of \$11.50 per share of Class A Common Stock. On September 16, 2025, the closing price of the Class A Common Stock was \$5.01 per share. Consequently, all of the publicly traded warrants and the private placement warrants are “out of the money,” and therefore it is not likely that Selling Stockholders holding publicly traded warrants and the private placement warrants will exercise their warrants. This could prolong the time that these Selling Stockholders would exercise their warrants, if at all, which could have a material negative impact on the market price of the Class A Common Stock due to the potential impending sale of shares underlying any exercise after the registration statement that includes this prospectus is declared effective.

We will receive the proceeds from any exercise of the warrants for cash, but not from the resale by the Selling Stockholders of the shares of Class A Common Stock, the private placement warrants or the sale of the shares underlying the private placement warrants or the LGM Common Units.

We will bear all costs, expenses and fees in connection with the registration of the shares of Class A Common Stock and the private placement warrants. The Selling Stockholders will bear all commissions and discounts, if any, attributable to their respective sales of the shares of Class A Common Stock and private placement warrants.

Our shares of Class A Common Stock are listed on The NYSE American LLC (“NYSE American”) under the symbol “FLYX.” On September 16, 2025, the closing sale price per share of our Class A Common Stock was \$5.01. Our public warrants are listed on NYSE American under the symbol “FLYX.WS.” On September 16, 2025, the closing sale price per warrant of our publicly traded warrants was \$0.27. We recommend that you obtain current market quotations for our common stock prior to making an investment decision.

THE COMPANY

Overview of the Business

flyExclusive is a premier owner/operator of jet aircraft to provide private jet passengers experiences dedicated to surpassing expectations for quality, convenience, and safety. flyExclusive's mission is to be the world's most vertically integrated private aviation company, offering a full range of industry services.

Since 2015, flyExclusive has grown from two LGM/partner owned jets to over 100 owned and leased aircraft, 14 of which are pursuant to the Volato Agreement (as defined below), and is currently the fifth largest private jet operator in the United States (based on 2024 flight hours). We operate a selected fleet of Cessna Citation, Gulfstream, HondaJet, and Challenger aircraft to service customers flying domestically and internationally. As one of the nation's largest Citation operators, flyExclusive has curated a versatile fleet of Citation CJ3 / CJ3+, Citation Excel / XLS / XLS+, Citation Encore+, Citation Sovereign, Citation X, and Challenger 350 aircraft. The introduction of Gulfstream aircraft into flyExclusive's fleet in 2020, opened up the opportunity for flyExclusive to expand its footprint internationally. flyExclusive's purposeful focus on the acquisition of a limited number of manufacturers' aircraft enables flyExclusive to operate and maintain fewer types of aircraft than most competitors. Our maintenance crews are more efficient given the recurrent nature of their work, which in turn improves dispatch availability of our fleet.

Operations are centered at flyExclusive's corporate headquarters in Kinston, North Carolina. Located within the North Carolina Global TransPark (NCGTP), flyExclusive leases 145,000 square feet of office and hangar space from the NCGTP's 2,500-acre multimodal industrial park, which boasts an 11,500-foot runway. Kinston is within two hours of approximately 70% of flyExclusive flights. So our location is ideal for organizational synergy and for cost-effective, strategic growth.

In the second half of 2020, flyExclusive launched its jet club, which earned the Robb Report's "Best of the Best" in 2022. With its efficient pricing model and bespoke, customer-centered approach, the jet club has experienced significant growth, offering multi-tiered membership options.

Consistent with flyExclusive's vertical integration mission in the private aviation industry, flyExclusive officially launched its Maintenance, Repair, and Overhaul ("MRO") operation in the third quarter of 2021, offering interior and exterior refurbishment services to third parties in addition to maintaining its own fleet. flyExclusive began installing avionics in its mid-size fleet in second quarter of 2022. This significantly reduced aircraft-on-ground due to avionics-related issues, which was the primary reason for grounded aircraft. flyExclusive plans to install avionics in its entire fleet on an as-needed basis.

Management's vision for a capital-efficient, asset-light channel to complete customer offerings became a reality in the second quarter of 2022 with the introduction of flyExclusive's fractional ownership program. Fractional members purchase or place a deposit towards a fractional share and have immediate access to flyExclusive's light, mid, and super-mid fleets through separate operating deposits. Under the fractional program flyExclusive realizes a profit on the sale, amortized over the life of the contract, while maintaining control of the aircraft and providing a superior customer experience with no monthly management fees, no blackout dates, and minimal peak days.

With the introduction of the fractional program in the second quarter of 2022, flyExclusive ordered five CJ3+ aircraft from Textron Aviation with options to purchase up to 25 additional CJ3+. Following that, in the fourth quarter of 2022, flyExclusive entered into an aircraft purchase agreement to purchase up to 14 additional aircraft, expanding flyExclusive's order into the mid and super-mid aircraft categories, anticipating delivery from 2024 to 2027. All of these aircraft are expected to be operated under flyExclusive's fractional ownership program. Also, in the third quarter of 2022, flyExclusive opened a new 48,000 square foot hangar, dedicated to its growing MRO division, that substantially expanded its avionics, maintenance, paint, and interior work.

On September 2, 2024, the Company entered into an Aircraft Management Services Agreement (the "Volato Agreement") with Volato Group, Inc. ("Volato"), the largest HondaJet operator in the United States. Pursuant to the Volato Agreement, Volato engaged the Company as an independent contractor to provide certain aircraft management services and agreed that the Company will be the exclusive provider of such services to Volato. Under the terms of the Volato agreement, the Company will manage flight operations, sales, and expenses of Volato's fleet.

flyExclusive's Values:

The culture at flyExclusive is based on a commitment to safety that permeates flyExclusive's values:

1. **Safety First** – flyExclusive is committed to delivering safety beyond the industry standard, with conscientious crew training, meticulous jet maintenance, and third-party safety consultant verification, operating an Aviation Research Group United States ("ARGUS") Platinum Rated fleet and exceeding all FAA standards.
2. **Minutes Matter** – flyExclusive demands safety, efficiency, cost control, and accuracy throughout all operations, with a dedicated focus on making employee minutes matter to make moments matter for customers.
3. **Team of Humble Professionals** – Professionals at flyExclusive use decades of flying experience, private aviation industry knowledge, and fleet logistics expertise to deliver premium experiences for customers. flyExclusive teams strive to collaborate and communicate effectively and efficiently; our success is attributable to all department levels from support to management.
4. **Winning Attitude** – Within the private aviation competitive space, flyExclusive continuously pursues excellence through hard work, hustle, and a commitment to achieve with an "all-in," winning attitude.
5. **Part of a Larger Cause** – flyExclusive dedicates time, talents, and resources to provide relief to a variety of local, regional, and national organizations. flyExclusive professionals deliver premium experiences not only to customers, but also to neighbors and communities in need.

Strategy

flyExclusive's vertical integration mission is to strategically grow into a full-service private aviation company with essentially all its operations based in Kinston, North Carolina. Key initiatives include the following:

1. **Program Growth** – flyExclusive maintains an industry-leading private aviation platform with 98%+ of customers' flights fulfilled by the flyExclusive fleet. Affiliate lift is an expensive solution to aircraft availability in the private jet charter industry. Most operators are unable to fulfill their demand using their fleets alone, so they must outsource flights to a third party, which can be costly. flyExclusive has had very little affiliate lift (less than 2%) since we maximize efficiency around scheduling – requiring 4 or 5 days of advance trip notice instead of hours as do many of our competitors. Our customers can still schedule with only a few hours' notice, but they pay a premium to do so.
2. **Aircraft Control** – With the introduction of fractional ownership and continued development of the jet club and its unique, industry-leading pricing model, flyExclusive can meet a variety of customer needs using capital-efficient programs.
3. **Dispatch Availability** – In 2021, flyExclusive opened an MRO facility to paint, refurbish, and maintain aircraft. The MRO initiative addresses consistent maintenance shortages industry-wide caused by high demand, and flyExclusive has modeled a transition from approximately 20% in-house maintenance to a targeted 80% in-house maintenance. Currently, flyExclusive's MRO facility handles approximately 50% of aircraft maintenance in-house, including 10% dedicated to refurbishments focused on Wi-Fi and Avionics upgrades. Efforts are ongoing to increase in-house capacity to the target of 80%. This continued push to expand in-house capabilities aims to further improve reliability, and efficiency, and substantially reduces costs while providing new revenue streams from third parties for future growth.
4. **Modernized Fleet** – With an on-site paint facility and refurbishment center, flyExclusive works to ensure a modernized, uniform exterior and interior of its aircraft, providing customers a better overall experience on a consistently branded and upgraded aircraft. flyExclusive controls the entire customer experience with our consistent brand of jets, exteriors, interiors, and pilots.

5. In-House Pilot Training – On-campus pilot training and new simulator facilities are meant to ensure the timing and availability of both new pilot hires and recurring training. While our competitors are subject to third-party availability for training classes, we will be in control of our training program and expect it to produce consistent, reliable results, aimed to remove what we believe is the greatest bottleneck to growth within the aviation industry, resulting in faster on-boarding of pilots by reducing training wait times and lowering costs.

flyExclusive's charter business has evolved from primarily ad hoc non-contractual wholesale business prior to 2020 to a focus on serving retail customers. flyExclusive's wholesale and retail ad hoc customers are non-contractual and have decreased as a percentage of total charter revenue with the increase of flyExclusive's jet club, Fractional, and Partner contracts. The evolution of flyExclusive's charter business from non-contractual wholesale operations to servicing contractual retail customers provides flyExclusive with significant customer and revenue visibility.

Most flight revenue is pre-paid and is recognized upon completion of the flight. Contractual programs outline pricing premiums for peak and high demand days, and for reservation notices within the agreed to number of days.

flyExclusive's required flight notice periods for contractual members and partners are purposefully designed to be longer in length than industry standards. The increased notice period allows flyExclusive to dispatch its aircraft more efficiently. Flights are scheduled logistically according to geographical location to minimize repositioning of aircraft and maximize revenue-producing legs. flyExclusive leverages this multi-day lead time to optimize scheduling, reduce the need to use third-party affiliate aircraft, and maintain a lean customer-to-aircraft ratio. We fly 98%+ of our customers on the flyExclusive fleet, establishing what we believe is the industry-leading customer experience.

Competitive Advantages and Strengths

We believe flyExclusive has an optimal business model that differentiates flyExclusive from its competitors. The following points outline management's view on flyExclusive's key competitive advantages and strengths:

1. Asset Growth – flyExclusive focuses on aircraft acquisition versus operator acquisition. With the launching of the fractional program in 2022 and signing the Textron aircraft acquisition agreement, as well as the expansion of the Challenger 350 fleet that began in 2023, flyExclusive plans to expand its fleet with brand new aircraft that are fully leased and purchased at the end of the lease. The repurchase opens a second opportunity to sell the aircraft to owners/partners. flyExclusive also plans to continue acquiring used aircraft that can be fully renovated with our value-add process, and then sold to owners/partners at market rates. These dual channels will maximize our consistent, organic growth.
2. Customer Fulfillment – 98%+ of our customers fly on flyExclusive's fleet, avoiding the need for us to rely on third-party operators to fulfill demand. flyExclusive maintains a sharp focus on managing a lean customer-to-aircraft ratio, which contributes to operational efficiencies and what we believe is an industry-leading customer experience.
3. Operational Profitability – flyExclusive invests heavily in aircraft, infrastructure, technology, and people to deliver a premium experience for customers, while executing with efficient operations to drive consistent operational profitability.
4. Aircraft Control – With a mix of owned and leased aircraft in its fleet, flyExclusive structures partnerships to maintain operational control of its aircraft. We operate our "floating fleet" to minimize non-revenue producing flights. flyExclusive's dispatch availability metric is not dependent on other operators' fleets to fulfill customer flight demand.
5. Customer Experience – When a customer flies with flyExclusive, they can depend on its jets, pilots, interiors, and exteriors to ensure a leading customer experience. Our proprietary customer and pilot apps are designed to ensure the customers' experience is as convenient and flawless as possible.

6. Customer/Jet Ratio – flyExclusive maintains the lowest customer-to-aircraft ratio among its direct competitors. This number is key to the success of the business as flyExclusive’s leadership is able to use and forecast membership growth to plan aircraft acquisition with foresight into capacity. This stands in clear opposition to our competitors who are regularly challenged to fulfill over-committed demand with flights on third-party aircraft.
7. Maintenance / Refurbishment – With the launch of its MRO operations, flyExclusive is able to transition to a higher percentage of in-house maintenance as opposed to relying on third parties for more costly work and extended wait times. Our MRO operations also provide a revenue stream from third-party fleet operators. Our in-house refurbishment capabilities offer a value-add opportunity for used aircraft purchased, added to the fleet and then sold to our partner/owners.
8. Jet Branding – flyExclusive’s aggressive branding campaign to refurbish its entire fleet shows a commitment to providing a reliable and enhanced experience for customers who show appreciation with positive feedback, continued business, and referrals.
9. Location – Headquartered in Kinston, North Carolina, the cost of flyExclusive’s geographical footprint, labor, and overall operations are lower than competitors who maintain fragmented locations in higher-cost areas. flyExclusive’s position on the vast acreage at the NCGTP allows not only for cost efficiency, but also for organizational synergy and the opportunity for additional strategic infrastructure projects to continue flyExclusive’s vertical integration mission within the private aviation industry.
10. Spend – flyExclusive spends money on its fleet, customers, and IT initiatives dedicated to improving the private jet experience. Sales are largely generated based on referrals, and flyExclusive’s marketing budget is lean and not spent on brand or “sizzle” in comparison to other competitors in the industry.
11. Lead Time – four-to-five-day lead times are contractual among flyExclusive’s partners, jet club, and fractional members. flyExclusive leverages this opportunity to position its fleet according to geographical location, maintenance, and crew availability to meet demand and optimize dispatch availability. Wholesale and ad hoc retail bookings are scheduled based on the same qualifications, but with advance notice that flyExclusive uses to backfill demand at higher rates as opposed to competitors who may be challenged to fulfill trips within hours of notice.
12. Pilot Training – Private aviation consistently views pilot hiring as one of the biggest bottlenecks to the industry, whereas flyExclusive management maintains that outsourcing pilot training is the largest hurdle. When pilots are hired, they onboard and often wait for weeks before they are able to train and fly. In 2023 flyExclusive determined to bring the majority of its training in-house with a new facility and simulators. The Company expects to break ground on the new facility in 2025. This strategic initiative is expected to result in cost savings and efficient scheduling with minimal delay, contributing to more uptime for our aircraft and increased dispatch availability.

We were formed as a Delaware corporation for the purpose of effecting a merger, capital stock exchange, asset acquisition, stock purchase, reorganization or other similar business combination with one or more businesses or entities. LGM became fully operational in April of 2015 upon the expiration of the non-compete agreement between our Chief Executive Officer, James Segrave, Jr. and Delta Airlines. flyExclusive is a premier owner/operator of jet aircraft to provide private jet passengers experiences dedicated to surpassing expectations for quality, convenience, and safety. Our subsidiary, Exclusive Jets, LLC, was formed as a limited liability company in North Carolina on June 4, 2013.

RISK FACTORS

Investing in our securities involves a high degree of risk. Before purchasing our securities, you should consider carefully the risks and uncertainties described below and in the section entitled “*Risk Factors*” contained in our Annual Report on Form 10-K for the year ended December 31, 2024, as filed with SEC on March 24, 2025, and in our Quarterly Report on Form 10-Q for the three months ended March 31, 2025, as filed with the SEC on May 13, 2025, both of which are incorporated in this prospectus by reference in their entirety, as well as in subsequently filed SEC reports and any prospectus supplement, together with all of the other information included in this prospectus. These risks and uncertainties are not the only risks and uncertainties we face. Additional risks and uncertainties not currently known to us, or that we currently view as immaterial, may also impair our business. If any of the risks or uncertainties described in our SEC filings or any additional risks and uncertainties actually occur, our business, financial condition, results of operations and cash flow could be materially and adversely affected. In that case, the trading price of our securities could decline and you might lose all or part of your investment. Please also refer to the section entitled “*Special Note Regarding Forward-Looking Statements*.”

The issuance of shares of our Class A Common Stock upon the closing of the Proposed Merger of FlyX Merger Sub, Inc. and Jet.AI Merger Sub will dilute your ownership.

The issuance of shares of our Class A Common Stock upon the closing of the Proposed Merger will cause dilution to the ownership of our then existing holders of Class A Common Stock. The number of shares to be issued to Jet.AI stockholders at closing will be based on the closing exchange ratio set out in the merger agreement which will be based on, in part, SpinCo’s net cash at closing and the volume weighted average closing sale price of flyExclusive’s Class A Common Stock for the 30 trading days ending three days prior to the closing date, subject to certain adjustments. Assuming that SpinCo’s net cash at closing is \$12,000,000 and that the volume weighted average closing sale price of flyExclusive’s Class A Common Stock for the 30 trading days ending 3 days prior to the closing date is \$5.01 per share, which was the closing sale price on September 16, 2025, we would expect to issue an aggregate of 2,754,491 shares of our Class A Common Stock. The actual amount of shares issued will depend on the Class A Common Stock price and SpinCo’s net cash, which could result in fewer or more shares being issued.

We do not expect to declare any dividends in the foreseeable future.

We do not anticipate declaring any cash dividends to holders of our Class A Common Stock in the foreseeable future. Consequently, investors may need to rely on sales of their shares of our Class A Common Stock after price appreciation, which may never occur, as the only way to realize any future gains on their investment.

Substantial future sales of our Class A Common Stock by existing stockholders could cause the market price of our Class A Common Stock to decline.

In addition to the 82,328,476 shares of Class A Common Stock registered under the registration statement of which this prospectus is a part, we are required to register an aggregate of 14,215,500 shares of our Class A Common Stock for resale by existing stockholders that represent approximately 36% of our total shares of Class A Common Stock outstanding on a fully diluted basis as of August 31, 2025 (without including shares of our Class A Common Stock offered for sale by this prospectus), including shares owned by Segrave Jr., our CEO and Chairman, and EG Sponsor LLC. To date, we have filed a registration statement to register, an aggregate of 10,102,000 shares of our Class A Common Stock for resale by existing stockholders that represent approximately 29% of our total shares of Class A Common Stock outstanding on a fully diluted basis as of August 31, 2025, (without including shares of our Class A Common Stock offered for sale by this prospectus). When the shares of our Class A Common Stock that are offered by this prospectus are included with the shares covered by the above-referenced registration statement for 10,102,000 shares of our Class A Common Stock, all shares of our Class A Common Stock that could be sold by existing stockholders, including shares owned by Segrave Jr., our CEO and Chairman, and EG Sponsor LLC, those shares of Class A Common Stock represent approximately 79% of our total shares of Class A Common Stock outstanding on a fully diluted basis as of August 31, 2025, including shares owned by Segrave Jr., our CEO and Chairman, and EG Sponsor LLC. When the shares of our Class A Common Stock that are offered by this prospectus are included with (i) the shares covered by the above-referenced registration statement for 10,102,000 shares of our Class a common stock and (ii) the 4,113,500 shares of our Class A common stock for which we intend to file a registration statement in the future, all shares of our Class A Common Stock that could be sold by existing stockholders, including shares owned by Segrave Jr., our CEO and Chairman, and EG Sponsor LLC, those shares of

Class A Common Stock represent approximately 79% of our total shares of Class A Common Stock outstanding on a fully diluted basis as of August 31, 2025, including shares owned by Segrave Jr., our CEO and Chairman, and EG Sponsor LLC.

There are no lock-up restrictions on the 82,328,476 shares of Class A Common Stock offered by this prospectus, the 10,102,000 shares of Class A Common Stock, to be registered under the other filed registration statement or the 4,113,500 shares of Class A Common Stock to be registered in the future. While there are no lock-up restrictions on the 10,102,000 shares of Class A Common stock to be registered under the other filed registration statement or the 4,113,500 shares of Class A Common Stock to be registered in the future, 5,947,400 of the shares beneficially owned and offered by the selling stockholders currently and in the future are issuable upon the conversion of shares of Series B Preferred Stock, which are not convertible until the earlier of December 31, 2025, or the closing of a subsequent capital raise in an amount not less than \$25,000,000.

After the respective registration statement for the resale of such shares is effective and until such time that it is no longer effective, the resale of these securities will be permitted pursuant to that registration statement. The resale, or expected or potential resale, of a substantial number of our shares of Class A Common Stock in the public market could adversely affect the market price for our Class A Common Stock and make it more difficult for you to sell your shares of Class A Common Stock at such times and at such prices that you deem desirable. Furthermore, we expect that because of the large number of securities registered pursuant to each registration statement, those existing selling stockholders will continue to offer the securities covered by the registration statement for a significant period of time, the precise duration of which cannot be predicted. Accordingly, the adverse market and price pressures resulting from an offering pursuant to either registration statement may continue for an extended period of time. In addition, the market reaction to such sales of our Class A Common Stock could also negatively affect the price of our publicly traded warrants.

USE OF PROCEEDS

All of the shares of Class A Common Stock and private placement warrants that are being offered for resale by the Selling Stockholders will be sold for their respective accounts. As a result, all proceeds from such sales will go to the Selling Stockholders and we will not receive any proceeds from the resale of those shares of Class A Common Stock or private placement warrants by the Selling Stockholders.

We may receive up to a total of \$78,811,823 in gross proceeds if all of the publicly traded warrants and private placement warrants are exercised hereunder for cash. However, as we are unable to predict the timing or amount of potential exercises of those warrants, we have not allocated any proceeds of such exercises to any particular purpose. Accordingly, all such proceeds are allocated to working capital. Pursuant to conditions set forth in the warrants, the warrants are exercisable under certain circumstances on a cashless basis, and should a Selling Stockholder elect to exercise on a cashless basis we will not receive any proceeds upon the cashless exercise of a warrant.

On September 16, 2025, the closing price of the Class A Common Stock was \$5.01 per share, which is lower than the exercise price of the publicly traded warrants and the private placement warrants (\$11.50 per share). We would not expect that any of these warrants would be exercised if the exercise price is greater than the market price of the Class A Common Stock. In such an event, we will not receive any proceeds from these warrants because we would not expect there to be any exercises. If any of the publicly traded warrants and the private placement warrants are exercised, we intend to use any such proceeds for general corporate purposes although we believe we can fund our operations with cash on hand.

We will receive any proceeds from the exercise of the publicly traded warrants and private placement warrants for cash, but not from the sale of the shares of Class A Common Stock issuable upon such exercise.

The Selling Stockholders will pay any underwriting fees, discounts, selling commissions, stock transfer taxes and certain legal expenses incurred by such Selling Stockholders in disposing of their shares of Class A Common Stock or private placement warrants, and we will bear all other costs, fees and expenses incurred in effecting the registration of such securities covered by this prospectus, including, without limitation, all registration and filing fees, NYSE American listing fees and fees and expenses of our counsel and our independent registered public accountants.

DESCRIPTION OF CAPITAL STOCK

The following description summarizes the material terms of our Class A Common Stock and our Private Placement Warrants as of the date of this prospectus, which are the securities registered under the registration statement of which this prospectus is a part. Because it is only a summary, it does not contain all the information that may be important to you. For a complete description of our capital stock, you should refer to our Second Amended and Restated Certificate of Incorporation, as amended (the “Charter”), and our Bylaws, as may be amended (the “Bylaws”), and to the provisions of applicable Delaware law.

Authorized and Outstanding Capital Stock

Our Charter authorizes the issuance of 325,000,000 shares, of which 200,000,000 shares are shares of Class A Common Stock, par value \$0.0001 per share, 100,000,000 shares are shares of Class B Common Stock, par value \$0.0001 per share, and 25,000,000 shares are shares of preferred stock, par value \$0.0001 per share. We have authorized the issuance of 25,000 shares of Series A Preferred Stock and 29,737 shares of Series B Preferred Stock.

The number of authorized shares of Class A Common Stock will automatically increase by the number of shares of Class A Common Stock issuable upon (x) the exchange of all outstanding common units (“LGM Common Units”) of LGM Enterprises, LLC, a North Carolina limited liability company (“LGM”), for Class A Common Stock, as a result of redemptions pursuant to the applicable provisions of Article 11 of the Amended and Restated Operating Agreement of LGM (including for this purpose any Class A Common Stock issuable upon the exercise of any options, warrants or similar rights to acquire Class A Common Stock) and (y) in connection with the exercise of all outstanding options, warrants, exchange rights (other than redemptions pursuant to clause (x)), conversion rights or similar rights for Class A Common Stock. The number of authorized shares of Class B Common Stock will automatically increase by the number of shares of Class B Common Stock issuable upon the exercise of all outstanding options, warrants, exchange rights, conversion rights or similar rights for Class B Common Stock. LGM is the wholly owned subsidiary of flyExclusive.

As of August 31, 2025, there were 20,199,586 shares of Class A Common Stock, publicly traded warrants to purchase 2,519,869 shares of Class A Common Stock, private placement warrants to purchase 4,333,333 shares of Class A Common Stock and 59,930,000 shares of Class B Common Stock issued and outstanding, and 59,930,000 LGM Common Units issued and outstanding (excluding LGM Common Units held by our Company), 25,000 shares of Series A Preferred Stock outstanding and 29,737 shares of Series B Preferred Stock outstanding.

Common Stock

Voting

Pursuant to our Charter, holders of Class A Common Stock and Class B Common Stock will vote together as a single class on all matters submitted to the stockholders for their vote or approval, except as required by applicable law. Holders of Class A Common Stock and Class B Common Stock are entitled to one vote per share on all matters submitted to the stockholders for their vote or approval.

Notwithstanding such voting rights, except as otherwise required by law, holders of Common Stock shall not be entitled to vote on any amendment to our Charter (including any certificate of designation filed with respect to any series of preferred stock) that relates solely to the terms of one or more outstanding series of preferred stock if the holders of such affected series are entitled, either separately or together as a class with the holders of one or more other such series, to vote thereon by law or pursuant to our Charter (including any certificate of designation filed with respect to any series of preferred stock).

Dividends

The holders of Class A Common Stock are entitled to receive dividends, as and if declared by our Board out of legally available funds. With respect to stock dividends, holders of Class A Common Stock must receive Class A Common Stock.

The holders of Class B Common Stock will not have any right to receive dividends other than stock dividends (as described in (A) below) consisting of shares of Class B Common Stock, in each case paid proportionally with respect to each outstanding share of Class B Common Stock.

In no event will any stock dividend, stock split, reverse stock split, combination of stock, reclassification or recapitalization (each, a “Stock Adjustment”) be declared or made on any class of Common Stock unless a corresponding Stock Adjustment for all other classes of Common Stock at the time outstanding is made in the same proportion and the same manner (unless the holders of shares representing a majority of the voting power of any such other class of Common Stock (voting separately as a single class) waive such requirement in advance and in writing, in which event no such Stock Adjustment need be made for such other class of Common Stock). Notwithstanding such prohibition, we may (A) declare a stock dividend on the Class A Common Stock only in the event that such stock dividend is made in connection with the issuance of LGM Common Units by LGM to us in exchange for additional capital contributions made by us to LGM, and (B) declare a stock split or stock dividend in connection with the repurchase of shares of Class A Common Stock such that after giving effect to such repurchase and subsequent stock split or stock dividend there shall be outstanding an equal number of shares of Class A Common Stock as were outstanding prior to such repurchase and subsequent stock split or stock dividend, in each of case (A) and (B), without any corresponding Stock Adjustment to the other classes of Common Stock.

Liquidation or Dissolution

Upon our liquidation or dissolution, the holders of all classes of Common Stock are entitled to their respective par value, and the holders of Class A Common Stock will then be entitled to share ratably in those of our assets that are legally available for distribution to stockholders after payment of liabilities and subject to the prior rights of any holders of preferred stock then outstanding. Other than their par value, the holders of Class B Common Stock will not have any right to receive a distribution upon a liquidation or dissolution of the Company.

Redemption, Transferability and Exchange

Subject to the terms of our Charter, the members of LGM (other than our Company) may from time to time cause LGM to redeem any or all of their LGM Common Units in exchange for, at our election (subject to certain exceptions), either cash (based on the market price for a share of the Class A Common Stock) (the “Existing Equityholder Cash Out”) or shares of Class A Common Stock in an amount equal to the number of LGM Common Units being redeemed (the “Existing Equityholder Share Settlement”). At our election, such transaction may be effectuated via a direct exchange of Class A Common Stock or cash by our Company for the redeemed LGM Common Units (an “Existing Equityholder Direct Exchange”).

Our Charter provides that (a) if a holder of Class B Common Stock exercises either the Existing Equityholder Cash Out, or the Existing Equityholder Share Settlement or Existing Equityholder Direct Exchange, then the number of shares of Class B Common Stock held by such holder equal to the number of LGM Common Units so redeemed, cashed out or exchanged will automatically be cancelled by the Company for no consideration.

We may not issue Class B Common Stock such that after the issuance of Class B Common Stock the holder of such stock does not hold an identical number of LGM Common Units, as applicable, and shares of Class B Common Stock.

A holder of Class B Common Stock may transfer or assign shares of Class B Common Stock (or any legal or beneficial interest in such shares) (directly or indirectly, including by operation of law) only to a Permitted Transferee (as defined in the Operating Agreement) of such holder, and only if such holder also simultaneously transfers an equal number of such holder’s LGM Common Units to such Permitted Transferee in compliance with the Operating Agreement. Any purported transfer of shares of Class B Common Stock in violation of the preceding sentence shall be null and void and shall not be recognized by our Company, our Company’s transfer agent or the Secretary of our Company.

In the event that a share of Class A Common Stock is issued as a result of any redemption or Existing Equityholder Direct Exchange of a LGM Common Units outstanding as of the effective date of the Operating Agreement, a share of Class B Common Stock held by the holder of such LGM Common Units in its sole discretion will automatically and without further action on the part of our Company or the holder thereof be transferred to our Company for no

consideration and thereupon we shall promptly take all necessary action to cause such share to be retired, and such share thereafter may not be reissued by us.

Other Provisions

None of the Class A Common Stock or Class B Common Stock has any pre-emptive or other subscription rights.

Preferred Stock

We are authorized to issue up to 25,000,000 shares of preferred stock. Our Board will be authorized, subject to limitations prescribed by Delaware law and our Charter, to determine the terms and conditions of the preferred stock, including whether the shares of preferred stock will be issued in one or more series, the number of shares to be included in each series and the powers (including the voting power), designations, preferences and rights of the shares. Our Board also will be authorized to designate any qualifications, limitations or restrictions on the shares without any further vote or action by the stockholders. The issuance of preferred stock may have the effect of delaying, deferring or preventing a change in control of the Company and may adversely affect the voting and other rights of the holders of Class A Common Stock and Class B Common Stock, which could have a negative impact on the market price of the Class A Common Stock.

Warrants

Private Placement Warrants

As of August 31, 2025, we had issued and outstanding privately placed warrants to purchase up to an aggregate of 4,333,333 shares of our Class A Common Stock. Except as described below, the private placement warrants have terms and provisions that are identical to those of the publicly traded warrants, including as to exercise price, exercisability and exercise period. The private placement warrants (including the shares of Class A Common Stock issuable upon exercise of the private placement warrants) are not transferable, assignable or salable until three years after December 27, 2023 (except, among other limited exceptions, to EGA's officers and directors and other persons or entities affiliated with the Sponsor) and they are not redeemable by us so long as they are held by the Sponsor or its permitted transferees. The Sponsor, or its permitted transferees, has the option to exercise the private placement warrants on a cashless basis. If the private placement warrants are held by holders other than the Sponsor or its permitted transferees, the private placement warrants will be redeemable by us and exercisable by the holders on the same basis as the publicly traded warrants.

If holders of the private placement warrants elect to exercise them on a cashless basis, they would pay the exercise price by surrendering their warrants for that number of shares of Class A Common Stock equal to the quotient obtained by dividing (x) the product of the number of shares of Class A Common Stock underlying the warrants, multiplied by the excess of the "fair market value" (defined below) over the exercise price of the warrants by (y) the fair market value. The "fair market value" shall mean the average reported last sale price of the Class A Common Stock for the 10 trading days ending on the third trading day prior to the date on which the notice of warrant exercise is sent to the warrant agent.

The Selling Stockholders may, from time to time, pledge or grant a security interest in some shares of our Class A Common Stock owned by them and, if a Selling Stockholder defaults in the performance of its secured obligations, the pledgees or secured parties may offer and sell such shares of Class A Common Stock, from time to time, under this prospectus, or under an amendment or supplement to this prospectus amending the list of the Selling Stockholders to include the pledgee, transferee or other successors in interest as the Selling Stockholders under this prospectus. The Selling Stockholders also may transfer shares of our Class A Common Stock in other circumstances, in which case the transferees, pledgees or other successors in interest will be the selling beneficial owners for purposes of this prospectus.

In connection with the sale of shares of our Class A Common Stock, the Selling Stockholders may enter into hedging transactions with broker-dealers or other financial institutions, which may in turn engage in short sales of our Class A Common Stock in the course of hedging the positions they assume. The Selling Stockholders may also sell shares of our Class A Common Stock short and deliver these securities to close out their short positions, or loan or pledge shares of our Class A Common Stock to broker-dealers that in turn may sell these securities. The Selling Stockholders may also enter into option or other transactions with broker-dealers or other financial institutions or the creation of one or more derivative securities that require the delivery to such broker-dealer or other financial institution of shares of our Class A Common Stock offered by this prospectus, which shares such broker-dealer or other financial institution may resell pursuant to this prospectus (as supplemented or amended to reflect such transaction).

The aggregate proceeds to the Selling Stockholders from the sale of shares of our Class A Common Stock offered by them will be the purchase price of such shares of our Class A Common Stock less discounts or commissions, if any. The Selling Stockholders reserve the right to accept and, together with their agents from time to time, to reject, in whole or in part, any proposed purchase of share of our Class A Common Stock to be made directly or through agents. We will not receive any of the proceeds from any offering by the Selling Stockholders.

The Selling Stockholders also may in the future resell a portion of our Class A Common Stock in open market transactions in reliance upon Rule 144 under the Securities Act, provided that they meet the criteria and conform to the requirements of that rule, or pursuant to other available exemptions from the registration requirements of the Securities Act.

Any discounts, commissions, concessions or profit they earn on any resale of shares of our Class A Common Stock may be underwriting discounts and commissions under the Securities Act. If any Selling Stockholder is an “underwriter” within the meaning of Section 2(11) of the Securities Act, then the Selling Stockholder will be subject to the prospectus delivery requirements of the Securities Act. Underwriters and their controlling persons, dealers and agents may be entitled, under agreements entered into with us and the Selling Stockholders, to indemnification against and contribution toward specific civil liabilities, including liabilities under the Securities Act.

To the extent required, our Class A Common Stock to be sold, the respective purchase prices and public offering prices, the names of any agent, dealer or underwriter, and any applicable discounts, commissions, concessions or other compensation with respect to a particular offer will be set forth in an accompanying prospectus supplement or, if appropriate, a post-effective amendment to the registration statement that includes this prospectus.

To facilitate the offering of shares of our Class A Common Stock offered by the Selling Stockholders, certain persons participating in the offering may engage in transactions that stabilize, maintain or otherwise affect the price of our Class A Common Stock. This may include over-allotments or short sales, which involve the sale by persons participating in the offering of more shares of Class A Common Stock than were sold to them. In these circumstances, these persons would cover such over-allotments or short positions by making purchases in the open market or by exercising their over-allotment option, if any. In addition, these persons may stabilize or maintain the price of our Class A Common Stock by bidding for or purchasing shares of Class A Common Stock in the open market or by imposing penalty bids, whereby selling concessions allowed to dealers participating in the offering may be reclaimed if shares of Class A Common Stock sold by them are repurchased in connection with stabilization transactions. The effect of these transactions may be to stabilize or maintain the market price of our Class A Common Stock at a level above that which might otherwise prevail in the open market. These transactions may be discontinued at any time.

Under the Registration Rights Agreement, we have agreed to indemnify the Selling Stockholders party thereto against certain liabilities that they may incur in connection with the sale of the securities registered hereunder, including liabilities under the Securities Act, and to contribute to payments that the Selling Stockholders may be required to make with respect thereto. In addition, we and the Selling Stockholders may agree to indemnify any underwriter, broker-dealer or agent against certain liabilities related to the selling of the securities, including liabilities arising under the Securities Act.

We have agreed to maintain the effectiveness of this registration statement until all such securities have been sold under this registration statement or Rule 144 under the Securities Act or are no longer outstanding. We have agreed to pay all expenses in connection with this offering, other than underwriting fees, discounts, selling commissions, stock transfer taxes and certain legal expenses. The Selling Stockholders will pay, on a pro rata basis, any underwriting fees, discounts, selling commissions, stock transfer taxes and certain legal expenses relating to the offering.

Selling Stockholders may use this prospectus in connection with resales of shares of our Class A Common Stock. This prospectus and any accompanying prospectus supplement will identify the Selling Stockholders, the terms of our Class A Common Stock and any material relationships between us and the Selling Stockholders. Selling Stockholders may be deemed to be underwriters under the Securities Act in connection with shares of our Class A Common Stock they resell and any profits on the sales may be deemed to be underwriting discounts and commissions under the Securities Act. Unless otherwise set forth in a prospectus supplement, the Selling Stockholders will receive all the net proceeds from the resale of shares of our Class A Common Stock.

We are required to pay all fees and expenses incident to the registration of shares of our Class A Common Stock to be offered and sold pursuant to this prospectus.
